Dear Sir

In the Daily Chronicle of today's date there is a notice of a remarkable scientific discovery which you are said to have made. If this be correct we shall be glad if you will at once communicate with us as to its commercial aspect with a view to our taking up the sole agency in Great Britain, India & the Colonies, for the application of your discovery.

Should you entertain our proposal and require references we refer you to Messrs. Voigtlander Sohn, Opticians, Brunswick Germany, also others if necessary.

An early reply will oblige.

Yours faithfully
